

DPS MATHURA ROAD

ALZHEIMER'S
DAY

2021 REPORT

We remember their love
when they can no longer
remember

In today's time it is really important to end the social stigma of Alzheimer's disease and spread awareness on its proper causes, treatments and prevention strategies. Today, more than 4 million people in India are suffering from Alzheimer's in India alone!

Thus, on the occasion of Alzheimer's day, DPS Mathura Road took a step towards raising awareness among students, teachers and parents and making our society more inclusive for Alzheimer's affected individuals. The day featured events for classes 9th-12th.

The Events were as follows:

Classes 9th-10th: POSTER MAKING

Students designed creative posters to raise awareness and encourage discussions on the Alzheimer's disease.

Classes 11th-12th: ARTICLE WRITING

Students wrote articles on the latest ongoing research on Alzheimer's Disease, real life case studies.

INTERVIEW WITH DR. MANJARI TRIPATHI

There was also an exclusive interview with honored Dr. Manjari Tripathi, President, Alzheimer's Society, Delhi, India. She is also the Professor or Neurology Head Unit in AIIMS. She graced us with her knowledge on the subject and talked openly about Alzheimer's and its stigmas.

END THE STIGMA, REACH OUT
