**Dear Parents,**

The month of March has brought with it the season of spring which spreads exuberance and excitement all around with new beginnings in the offing. It also brings memories of the year gone by, a year that has been an extremely enriching experience for all of us on this online learning platform. We are happy to be safe at home while the process of learning goes on. This being the last month of the session, children are really excited and geared up to take a step ahead and go to the next class. They were given many opportunities to learn and take initiative through a wide spectrum of learning tools like PPTS, Show & Tell, Music & Dance, Art creations, Picture reading to name a few. These activities have made them really confident, at the same time arousing their curiosity and eagerness for new learning. They have become young confident achievers with each passing day and to see them so fills our hearts with pride. It has been our pleasure and privilege to watch them grow. The final PTM will be held this month wherein, a report about the overall performance, progress and development of your will be shared with you .
