1st September 2022

The celebrations and festivities highlighted the days in the month of August and reinforced the religious, cultural and patriotic values the festivals brought with them. The spirit of patriotism filled the air as little fists rose high in the air with the slogan of “Jai Hind!” All our little patriots wore Tri colour caps and paid salutations to the country as they watched the special assembly presented by the tiny tots of class Pre- Primary F.

This month is a special month for the students as we celebrate Teacher’s Day on 5th September. It marks the birth anniversary of Dr. S. Radhakrishnan, the second President of free India. Children all over the country pay tribute to their teachers on this day. Patience, understanding and kindness- the virtues of a good teacher are constantly required to nurture young minds, so let us all be teachers and make our children’s lives meaningful, fruitful and worthwhile.
