1st July 2022

Dear Parent,

The Pre-Primary Wing has come alive with the bubbling cheerful voices of our little angels. After a long, relaxing and re-energizing vacation the tiny tots of our Pre-Primary Wing are brimming with enthusiasm.

The summer break was a welcome relief from the scorching heat, and we hope that the month brings with it cool showers, bringing the temperature down to make the days more comfortable and enjoyable. The month of July is a busy one, loaded with different activities that have been planned to make learning fun and enjoyable for tiny tots.

Children are like wet clay and can be moulded in any form. Moreover, they are quick learners and absorb everything around them. Let us all get together and make a difference by providing a rich and stimulating environment for our tiny tots.
