Pre Primary Wing
Newsletter - September

Dear Parents,

A month of festivity and fun with an endless stream of activities came to an end with the children embracing the rich culture and heritage of India. Patriotic celebrations for Independence Day taught lessons in freedom and responsibility, engulfing each one of us in a spate of patriotic fervour. We aimed at inculcating in the children a deep love for our country, helping them to grow up to be proud Indians.

Festivals like 'Janmashtami', 'Rakshabandhan' and 'Eid' helped the children understand the spirit of community sharing and caring. They were exposed to the multi socio – cultural extravaganza which is the essence of our country through the 'Knowyopedia Week'.

September is the month that strikes a key note as it pays a tribute to all teachers on the 5th of September.' A day dedicated to Dr. S. Radhakrishnan, the second President of India who was a well known diplomat, scholar and above all an educationist. Children all over the country express their love and fondness for a very special person in their lives – 'their teacher'. Patience, understanding and kindness are constantly required to nurture young minds and personalities. A good teacher dispels ignorance, inspires creativity and inculcates humane values.

A fortnight of activities to sensitize the children about the importance of cleanliness and also to make them aware about the vision and dream of Gandhiji, the father of the nation will be carried out as part of **Swatchhata Pakhwada from 1st to 15th September 2019.**

Important events of the month:-

5th September 2019: 'Teacher's Day Assembly' – The children will show their fondness and love for their teachers through a special assembly to be held on 3rd September 2019 (Tuesday) by the tiny tots of Pre – School D where in they will express their gratitude towards their guides and mentors in various ways.

23rd to 27th September 2019: Creativity Week

Young children have an intrinsic curiosity and inherent desire to explore the immediate world. DPS is committed to designing special activities for kids which stimulate creativity along with curiosity. This is like a little plant growing in the young mind. The relevant activities that children undertake during Creativity Week leave unforgettable impressions on their minds. This year is all the more special as DPS Mathura Road completes 70 years of contribution to education and learning. The children will make art and craft items showcasing the journey and growth of DPS Mathura Road as a torchbearer in the field of education. Kindly check your ward's almanac daily for circulars and notes and respond in time for any material asked for, like photographs, craft material etc. The exhibition will be put up in the Pre Primary Wing and the timings for the same will be intimated later.
