DELHI PUBLIC SCHOOL MATHURA ROAD

Celebrating 77 Glorious Years of Excellence

ZENITH 2026-27

FOURTH EDITION

CAMBRIDGE
International Education

PRINCIPAL'S MESSAGE

It is with immense pride that I present the Fourth Edition of **Zenith**. At Delhi Public School, Mathura Road, education is a transformative journey that nurtures academic excellence, character, creativity, and resilience. We are committed to shaping globally aware citizens equipped with critical

thinking, adaptability, compassion, and the confidence to thrive in a rapidly changing world.

The year 2026 stands as a resounding affirmation of this vision. Our students have achieved exceptional success in the Board Examinations, setting new academic benchmarks with remarkable distinction. We are equally proud of our students who have excelled in competitive arenas, delivering outstanding performances in JEE Mains, JEE Advanced, and NEET, alongside remarkable achievements in national and international Olympiads. This success is a testament to our specialised preparatory programmes—meticulously designed for NEET, IIT-JEE, CLAT, SAT, CUET, and IPMAT—which empower our students to achieve their highest potential.

Beyond academics, our young achievers have continued to bring laurels to the institution through outstanding accomplishments in sports, cultural pursuits, literary activities, innovation-driven initiatives, and diverse co-curricular arenas, embodying the true essence of multidimensional learning.

As you turn these pages, may Zenith serve not only as a chronicle of achievements, but also as a celebration of resilience, creativity, and the indomitable spirit of the DPS Mathura Road community.

Dr Ram Singh

Alumnus Spotlight: A Historic Homecoming & Lessons in Leadership

By Vice Admiral Tarun Sobti, UYSM, AVSM, VSM

Deputy Chief of the Naval Staff, Indian Navy

An alumnus of Delhi Public School, Mathura Road (Class of 1984)

Returning to DPS Mathura Road is a deeply emotional homecoming. Standing here brings back memories of 1977, when my parents left me at the hostel gates as an 11-year-old boarder. Those foundational years forged my character, self-reliance, and empathy.

My journey had its turns—pivoting from Commerce to Science after my boards to clear the NDA exam. From winning the President's Gold Medal at NDA to commanding INS Kolkata and serving as Deputy Chief of the Naval Staff, every milestone traces back to these grounds.

Interacting with our students, I reminded them that "it is your attitude, not your aptitude, that determines your altitude." True success rests on resilience, calm decision-making, and unwavering professionalism.

"You have to dream before your dreams can come true." — A. P. J. Abdul Kalam
