

**Dear Parents,**

We are glad to welcome the children back after a relaxing and refreshing summer vacation and look forward to the echo of laughter and happy chattering of the little ones during the online class. The children too will be happy and excited to be back, eager to share their experiences during the summer vacation.

The virtual platform is an innovative way to keep the learning process on track for our little learners during these tough times and it has also allowed parents to be involved in the schooling of their children more effectively.

Our children are bright and quick to absorb and imbibe actions and mannerisms they see around them. Let us together make a difference in the lives of our little ones. The values and etiquettes that they learn now, determine what they will grow up to be. To imbibe good ethos, they must experience them, making them their own and adopt them in their everyday life. Politeness in our speech, respect for everyone, respect for home and school, tolerance and the act of sharing are a few of the etiquettes we must all follow and inculcate in the little ones. Keeping in mind the importance of manners, a week of special activities will focus primarily on instilling good manners in the little ones.

### ACTIVITIES OF THE MONTH on MS Teams:

#### **ETIQUETTE WEEK - 21<sup>st</sup> TO 25<sup>th</sup> JUNE 2021**

To help our children develop social skills, including how to interact politely in day-to-day situations is one of the most important roles we have as teachers and parents. Teaching our kids to use good manners is also one simple way to instil the values of kindness and respect. There is a constant endeavour on our part to model the right and appropriate behaviour, in order to inculcate good habits in children. So let us work together in this direction to help the kids become happy, successful, healthy productive individuals with strong values and good manners that reflect the ethos of this school, the society and our nation.

ETIQUETTE WEEK ACTIVITIES			
DATE & DAY	ACTIVITY	MATERIAL REQUIRED	LEARNING OUTCOME
21.6.21 Monday	<b>Let' say hello...</b>	Video & Talk	The children will learn about greeting their elders and friends. This will help our little ones to come out of their shell and understand the value of greeting everyone.
22.6.21 Tuesday	<b>The Perfect Host</b> 	Small plate, spoon, fork, knife, napkin, a glass and some french fries.	Our little ones will be taught the nuances of laying the table properly with style and ease. 
23.6.21 Wednesday	<b>We are Compassionate</b>	Video & Talk	Helping, caring, sharing - the basic traits to be a good human being. Instilling these values at a young mouldable age will help them grow into sensitive & empathetic adults.
24.6.21 Thursday	<b>Magical Words</b>	Role Play by teachers, worksheet	Role play by the teachers will help the children reflect on whether the actions done were appropriate or not and what should have been done in that situation. This activity will help them to think and stimulate their logical and moral reasoning.
25.6.21 Friday	<b>Manners Matter</b> 	Soft toy, mask & handkerchief	The pandemic has taught us many lessons. It is more important now than ever to carry all the lessons learnt forward and keep practicing them for our and everyone else's sake. We need to learn and practice these manners in social gatherings as well -like covering our mouth while coughing, wearing a mask correctly etc. This activity will help them to calcify the manners they have learnt till now to be habitual with good hygiene etiquettes and a healthy lifestyle.
