### Newsletter September

1<sup>st</sup> September, 2018

Dear Parent,

The celebrations and festivities for Friendship Day, Independence Day and Rakshabandhan went on in full swing in the month of August and reinforced the religious, cultural and patriotic values these festivals brought with them. The spirit of patriotism filled the air as little fists rose high in the air with the slogan of "Jai Hind!" All our little patriots had their faces painted with the tri colours and paid salutation to the country as they watched the special assembly presented by the tiny tots of class Pre Primary A. The pride for our Nation filled the air as children chanted the national anthem and sang patriotic songs. Tri-colour snacks added to the celebrations of the day.

A surprise, in the form of a Movie Show was welcomed enthusiastically and enjoyed whole heartedly, the popcorn and soft drink adding to the flavor of the movie magic.

The wing was abuzz with action as creative activities filled the days, stimulating the childrens' minds, making them confident and increasingly aware of the Universe and the world around them as it was the theme for the creativity week this year. The creativity week culminated in an exhibition '**A Space Odyssey**' where the little ones proudly showcased their little treasures. The children had a chance to see the exhibition with their parents, excitedly showing them their pieces of art.

This month is a special month for the students as Teacher's Day is celebrated on 5<sup>th</sup> September on the birthday of Dr. Sarvepalli Radhakrishnan, the second president of free India. Children all over the country pay tribute to their teachers on this day. Patience, understanding and kindness- the virtues of a good teacher are constantly required to nurture young minds, so let us all be teachers and make our children's lives more meaningful, fruitful and worthwhile. A good teacher is a doctor who heals ignorance and inspires creativity and as someone rightly said, *'So often you find that the students you are trying to inspire are the ones that end up inspiring you!'*

### Activities and assemblies for the month
