SWACCHATA PAKHWADA 2021

SWACHH BHARAT MISSION

'SWACHHATA PAKHWADA'

To accelerate the efforts to achieve universal sanitation coverage, the Prime Minister of India launched the Swachh Bharat Mission on 2nd October 2014.

Under the Swachh Bharat Mission the government of India launched a nationwide cleanliness initiative in the form of SWACHHATA PAKHWADA in 2016 with the objective of bringing a fortnight of intense focus on the issues and practices of Swachhata.

CBSE announced SWACHHATA PAKHWADA from 1st - 15th September, 2021 recognizing the vital role of schools in spreading the awareness about Swachhata Mission and its implementation across the country.

SWACHHATA PAKHWADA EXHIBITION

Our students participated enthusiastically in this endeavour to hold the Swachhata baton high and spread its message amongst all. The focus for this year was Swachhata in the times of COVID-19.

They made us proud by creating artworks, writing slogans, actively engaging in hand wash and personal hygiene practices, community outreach day, swachhata awarness day, green school drive day and school exhibition Day
