

**Guidelines for accessing CBSE's Practice Assessment Portal  
(For Class X)**

CBSE is in the process of launching Practice Assessment Portal (Exam prep) which is a repository of questions aimed at making students comfortable with exams. Keeping this in mind, CBSE has created a repository of questions to help students of Class 10 practice for their upcoming assessments. Currently this portal is offering questions for Maths and Science with questions for other content lined up for the next month. You can access the portal from the following link or download the DIKSHA App from Google Playstore. The students may also visit the link - [diksha.gov.in/cbse/explore](https://diksha.gov.in/cbse/explore).

**Annexure 1**

**Next Steps**

- a. Accessing the content through DIKSHA platform

How to download the DIKSHA app:

To see and use content on your Android smartphone/tablet, please download the DIKSHA app from the Play Store. Open DIKSHA app, select CBSE board to view textbooks '**Math Practice Book or Science Practice Book**'. By clicking on the textbook you will see the content organized under chapters. Watch this video for details <https://youtu.be/nF5bzI5K-vA>

- b. How to use on computer via **DIKSHA** website

To see and use content on your computer, please go to [diksha.gov.in/cbse/explore](https://diksha.gov.in/cbse/explore), select CBSE board to view textbooks '**Math Practice Book or Science Practice Book**'. By clicking on the textbook you will see the content organized under chapters. Watch this video for details <https://youtu.be/DZ6pxQ4Iciw>

- c. How to use QR codes to access content:

Please view the video below guiding you on using the QR codes

[Video to use the QR Codes](#)

Following are the QR Codes to be scanned for accessing the Question Bank.
