

GREEN OLYMPIAD CONDUCTED BY TERI TO BE HELD ON 14TH OCTOBER 2022

GREEN OLYMPIAD

Dear Madam / Sir,

Greetings from GREEN Olympiad Secretariat! Thank you for registering your students for GREEN Olympiad 2022.

Please share the following instructions for mock test and examination with registered students well in advance before their respective schedules:

1. Examination / Mock Test Link: <https://terigreenolympiad.com/>
2. Coordinating teachers can avail the details of students (such as roll numbers, passwords, theme, time slot, etc.) from the 'Exam Detail' tab itself. They are requested to share these details with all the students before the mock test and examination. Please note, details will be common for the mock test as well as the examination.
3. For schools that have registered offline or have failed to book the slot, their examination is scheduled for 15 October 2022, and the mock test is scheduled for 08 October 2022. They are free to choose one hour slot for their students between 8 AM to 8 PM, as per their convenience on both days.
4. Students are advised to click on the examination link provided above and log in 15 minutes before their respective mock test/examination schedule. This time should be utilized for reading the instructions. The questions will appear on the screen only at the chosen time slot.
5. Students are required to log in using their theme (ESD or ESDGREEN), roll number, and individual password.
6. Password for examination portal is auto-generated. The template for the password is as follows:

GO-DDMMYYYY

The password contains the date of birth of each child recorded by the coordinating teacher during registration prefixed with 'alphabets GO and a hyphen (without space)'.

7. Once students log in from the aforementioned link, the browser will take them to the 'Personal Details' page followed by 'General Instructions'. After going through the instructions, click on 'I am ready to begin' provided in the right-hand corner and the examination appears.
8. Students must complete all 50 multiple-choice questions within 60 minutes. Once the candidate logs in, the examination will automatically expire after 60 minutes.
9. Students are advised to open the examination link using 'Google Chrome' on a Desktop / Laptop / Tablet / Smart Phone. The device should have uninterrupted 4G internet connectivity for a better examination experience.
10. No extra time or attempt will be provided if a candidate has missed the opportunity in appearing for the examination at their scheduled date/time.
11. For any queries, kindly connect with GREEN Olympiad Secretariat or raise a ticket in the portal-
<https://terigreenolympiad.com/>

We urge all the students to be true to avoid any malpractice while attempting the paper.

Best of luck!

With Sincere Regards,

GREEN Olympiad Secretariat!
